Abstract

Click here and insert a concise and factual abstract of this paper. It should consist of one paragraph of 100-300 words. The abstract should state briefly the purpose of the research, innovation, technology, process...etc, the principal results and major conclusions. An abstract is often presented separately from the article, so it must be able to stand alone. For this reason, References should be avoided. Also, non-standard or uncommon abbreviations should be avoided, but if essential they must be defined at their first mention in the abstract itself.
